

MODEL PGRM-2

NEW WEATHERPROOF DESIGN

NEW RED RESET/SLEEP KEY

NEW SENSING TECHNOLOGY

NEW MICROPROCESSOR TECHNOLOGY

- The Poolguard Pool Alarm, once installed in the pool, cannot be deactivated; it is always in the alarm ready mode.
- Tamper Proof: Poolguard Pool Alarm will sound an alarm when removed from the pool.
- Sleep mode: when you would like to use your pool, simply remove the alarm from the pool and put it into sleep mode.
- Automatic Wake-up: The Poolguard Pool Alarm will automatically wake up and run a system test when installed into the pool.
- The Poolguard Pool Alarm comes with an in house remote receiver that has a range up to 200 ft., and comes with a 12 volt power supply.
- The Poolguard poolside alarm works with a 9-volt battery (not included), with a battery life of approximately one year.
- Audible low battery indicator at the poolside alarm is also indicated by the in house remote receiver.
- New sensing technology provides less chance of false alarms due to wind, rain or small objects such as sticks or toys entering the water.
- Works with pools up to 20' x 40' (800 sq. ft.).
- The Poolguard Pool Alarm can be used with a solar blanket.
- Most reliable, advanced, and affordable alarm available.
- Poolguard Pool Alarms are designed to detect intrusions similar to a one year old child weighing 20 pounds and up.
