HEAVY DUTY IMPACT RESISTANCE PARKING BUMPERS

Specifications:

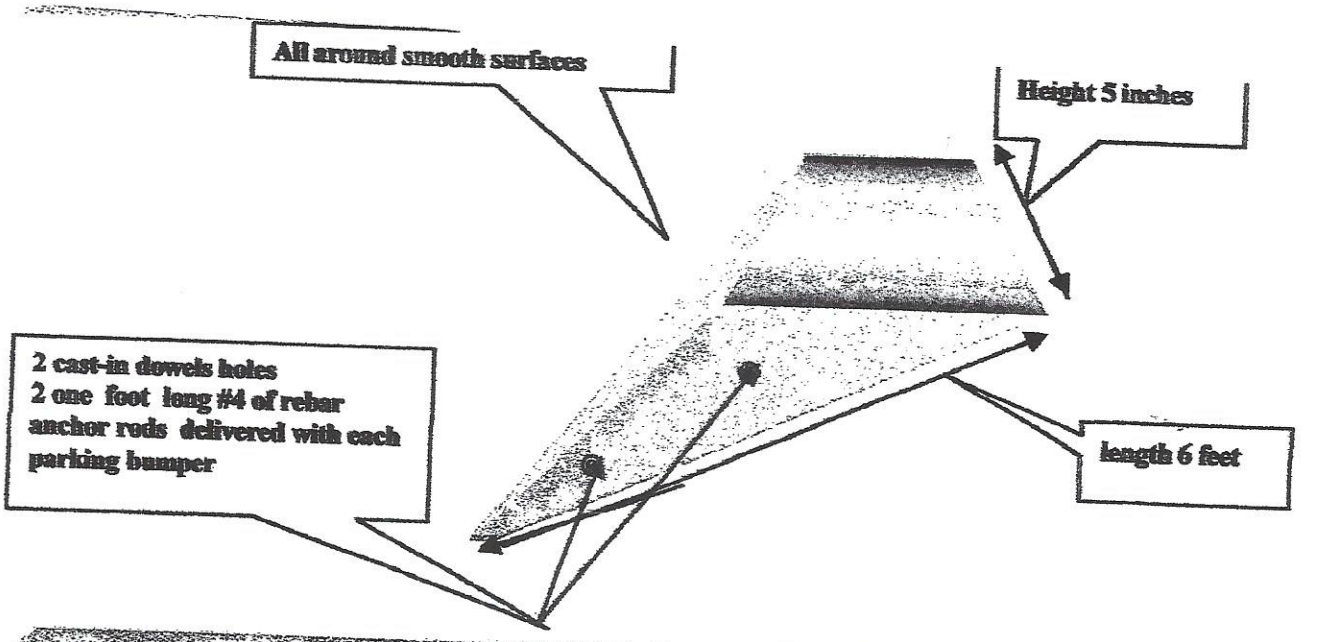
Machine made with 3000 PSI dry cement. Reinforced with two # 3 deformed steel bars. Two dowel holes are cast in to receive one foot long of # 4 rebar anchor rod. The two rods are delivered with each parking bumper.

Description:

Our state of the art machine made bumper ensures quality, uniformity in dimensions, proper placement of reinforced steel and smooth finish texture that allows paint to adhere better.

Dimensions:

6 feet long by 5 inches high. It provides clearance for parking bumpers and air dams on low profile cars.



We manufacture and deliver Concreted Chatahoochee, Garden ornamentals and Parking Bumpers

Stop by to see our plant and products or call us at 305-885-1168 for a list of items, dimensions and prices
